

## HDS 1000 DE

Hot water pressure washer with diesel combustion engine

The HDS 1000 DE is a powerful mobile hot water high-pressure cleaner built in a sturdy tubular frame offering all-round protection for components. Ideal for cleaning applications where there is no power supply available. With a 10 HP Yanmar diesel engine featuring electric start function, the HDS 1000 DE offers high water flow and pressure rates ideal for applications where high performance cleaning is required. This unit is best suited for the plant hire and construction industry, agricultural applications as well as use in the public sector.

## FEATURES AND BENEFITS

### Optimum ease of use

- Automatic burner cut-out in case of water shortage, overheating protection.
- Ergonomically designed trigger gun for ease of use.

### Maximum performance

- High-output burner with upright heating coil and continuous ignition without deflagration.
- For removing stubborn deposits.
- Two integrated diesel and petrol tanks allow long run times.

## SPECIFICATIONS

### Technical data

Flow Rate (l/h)	450 - 900
Operating pressure (bar/MPa)	40 - 200 / 4 - 20
Temperature (supply 12°C) (°C)	80 - 98
Consumption fuel oil (kg/h)	5.6
Fuel tank (l)	34
Engine manufacturer	Yanmar
number of simultaneous users	1
Weight (with accessories) (kg)	188.3
Weight incl. packaging (kg)	194.1
Dimensions (L x W x H) (mm)	1100 x 750 x 785

## Equipment

- Trigger gun, EASY!Force Advanced
- Cage frame
- Electric starter
- Power nozzle
- Servo Control
- Sturdy tubular steel frame for handling with crane
