Mobile cleaning

- With the suction hose provided and the integrated battery, you can easily clean on the go - independent of water and power connections (not compatible with garden hose connector).
- Flexible for use in many different cleaning tasks, e.g., for bicycles, garden and camping equipment, dogs or spot cleaning on the car.
- The USB type C charging socket on the device enables flexible charging even when on the move, e.g. in the car or at the powerbank.

Pressure adjustment with LED indication

- Depending on the cleaning task, you can switch between Max (15 bar) and eco!Mode[®] (approx. 6 bar). Ideal for delicate surfaces or to extend the battery run time to up to 30 min.
- The LED light provides information about the current charge status of the battery.

Lightweight and compact device design

- Minimises space consumption during transport and storage - the innovative device design allows the handle to be folded away after use. This minimises the pack size of the OC Handheld Compact.
- Thanks to its lightweight and minimalist design, the device is easy to handle and sits comfortably in the hand, even when used for long periods.
