Product Data Sheet

AB 20

Lightweight, quiet and effective air blower.

Kärcher's AB 20 air blower is designed for convenient, fast and quiet drying of carpets and rooms. With a large axial blade fan and optimised air channels, the AB 20 dries carpets, floors and rooms quickly using only a 113 W motor. Weighing only 11kg and featuring an in-built carry handle, the AB 20 is easy to transport from room to room, and its slim line, stackable design with integrated power cable wrap makes it easy to store.

eco|efficiency

Features and Benefits:

- Can be used in three different positions to concentrate on different parts of a room
- Stackable design enables multiple units to be used at the same time
- Can be stacked or stored vertically
- Built-in carry handle and cable wrap
- Very quiet – only 66 dB(A)
- Can be fitted with optional Air Filtration Device to remove mould and allergens from the air

Air Filtration Device for AB 20 (Afd)

The Afd is a large-area filter attachment for the AB 20. This HEPA filter is designed to filter at least 99.997% of air particles, as small as 0.3 micrometres. This means allergens, bacteria, dust, pollen, and mould spores can be filtered effectively. Ideal for use in hygiene-critical environments or for the drying of damp rooms.

Features and Benefits:

- Equipped with HEPA-grade filter as standard
- No additional power required
- Easy to replace filter in standardised size
- Built-in carry handle and light weight for easy transportation
