## KM 120/150 R P / D / Bp

Ride-on vacuum sweeper for continuous daily cleaning applications.

The powerful and highly manoeuvrable KM 120/150 R range is an economical solution for dust free sweeping of large sized areas up to 11,600 m<sup>2</sup>/h. A fully functional yet uncomplicated sweeper that benefits from a host of convenient features. Available in 6.7 kW Honda petrol or 4.1 kW Yanmar diesel engine for outdoor use, or a 24v battery powered version for indoor use.

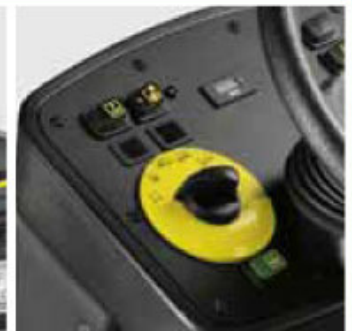

### New Anthracite Colour

- Easy to keep clean
- Less conspicuous in public areas
- Easy to locate controls and service elements

### Features and Benefits:

- Easy to operate, all sweeping functions are controlled with a single switch.
- Rugged design with tubular steel frame. Machines can also be equipped with a weatherproof cab (Not battery version).
- Depending on your requirements you can set main roller brush to either fixed or floating positions by simply pressing a button. The low wear fixed position is set automatically after machine is set down.
- Hydraulic container lift dumps to the rear any height between 0.5 - 1.5m.
- Continuous filter cleaning system allows long periods of uninterrupted operation in areas where there is large levels of fine dust.
- The unit operates on the overthrow principle allowing the 150 litre waste container to be filled to virtually full capacity.
- Bulk waste flap is activated by a pedal to help collect larger waste objects.
- Adjustable steering wheel and seat (including arm rest).
- Forward/reverse travel up to 8 km/h
